

Necessity of Terrorism: Political Evolution and Assimilation

Necessity of Terrorism: aggressively reviews the political implication of the terminology and law creation; goes back through history, using a Hegelian-Marxian reading of event by power and violence all merging to recreate a case study of the phenomenon and the Machiavellian usage of it in politics, war and law. Revealing the role of terrorism from above and below in the political and socio-economic development of state, law, culture, and history.
