

Sound of Water

Expand your World of Dew with the Sound of Water. This is the expansion to a World of Dew, a samurai noir roleplaying game set in Old Japan the same world as John Wicks Blood & Honor. A World of Dew is inspired by Japanese and Noir films and literature like Yojimbo, the Maltese Falcon, and the Sano Ichiro novels. This book contains new material, rules and conversions to Fate and Protocol. Each chapter is written by a different author and each chapter is titled with new art by different artists. New rules include: How to tell Japanese horror stories In-depth rules for playing Yakuza and Geisha How to play Shinobi/Ninja Smuggling and Piracy Custom ship design New rules for forging and using magic weapons Full conversion rules to play using the Fate system A full Protocol game written in Old Japan A complete set of pre-generated characters for immediate use in any game Dive deeper into the World of Dew with the Sound of Water.
